

QUANTITATIVE & SYSTEMS BIOLOGY

Masters II - Course Track

Complete at least two semesters of full-time academic residence (12 units minimum) at UC Merced.

Complete 32 units of QSB graduate course work. 24 of these units must be graduate level (200 and up).

Complete one Quantitative Biology (QB) course, one Systems Biology (SB) course, and one QSB elective course. A minimum of 3 units per course.

Pass a comprehensive qualifying examination with both a written and oral component administered by the faculty committee.

This track requires the completion of QSB 294 and only up to 4 of the 32 total units may be used for QSB295.
