

# QUANTITATIVE & SYSTEMS BIOLOGY

## Masters I - Thesis Track

**Complete at least two semesters of full-time academic residence (12 units minimum) at UC Merced.**

**Complete 24 units of QSB graduate course work. 18 of these units must be graduate level (200 and up).**

**Complete one Quantitative Biology (QB) course and one Systems Biology course (SB) each 3 units minimum.**

**Prepare an acceptable thesis describing original research in the field and successfully defend thesis to thesis committee.**

**This track requires the completion of QSB 294. QSB 295 does not count for the Quantitative nor the Systems requirement.**
